

NEW EASTMAN CEMETERY

A (South) Section

Introductory Notes

WHO: This grouping covers those individuals whose names are recorded, from grave markers, prior transcription efforts or town records, as having been (or plan to be) buried in the south section (section A) of the New Eastman Cemetery in Sunapee.

- Information is presented alphabetically, by last name, and entries include both married and maiden names, if known.

WHAT: Each entry includes a picture, cemetery chart, inscriptions for all known marker types (memorial, locational, corner, etc), and any additional information available from town or gravesite records.

WHERE: Entries are provided for current markers in the shaded section shown.

WHEN: Information is current as of 10 June, 2009.

WHY: This work is presented to the town of Sunapee, NH for the benefit of genealogists and others seeking detailed information regarding Sunapee burials at this location.

NOTE: There are inconsistencies regarding some individuals' actual burial location. These involve conflicts between town report records, cemetery office records and grave marker placement, and interested researchers are urged to independently confirm sought-after data.
